

EverWare

Refurbishment Kits for Par Aide™
Classic and Utility Benches

The Golf Course Solutions, Inc. EverWare refurbishment kit for Par Aide™ Classic and Utility benches restores the luster of your worn or damaged benches. Each EverWare bench kit includes our patented EcoForm engineered lumber slats, high quality stainless steel tie rods, stainless steel cap nuts and durable stabilization grommets. The patented EcoForm engineered wood slats are sealed on all exposed surfaces and offer the longest lasting and most durable bench surface on the market today. Simply disassemble your Par Aide Bench, everything is included in the kit to replace corroded, broken or worn out bench components. While your benches are disassembled, Golf Course Solutions, Inc. will refurbish the metals surfaces of the bench ends and brackets using our ReCraft service, details on the service can be found inside the EverWare refurbishment kit. Our ReCraft service, combined with an EverWare refurbishment kit will, in our humble opinion, leave your Par Aide Classic and Utility benches looking Better Than New.

Your drive to deliver a superior product just got easier...

- **Keep Your Staff Focused** on the tasks that are within their domain of experience. Using the ReCraft service is an economical way to restore the luster of your amenities and still keep your staff focused on your "green assets." Instead of refocusing your staff on tasks that are inefficient and time intensive, Golf Course Solutions, Inc. can help restore your Par Aide™ Benches to a "Better Than New" luster.
- **Keep Customers Coming Back** to an esthetically pleasing environment. The National Golf Foundation has time and again illustrated that esthetics play a key roll in patronage. Golf Course Solutions, Inc. reduces the effort and expense of maintaining the esthetic qualities of your course by offering an economical way to restore the luster of your course. Each component of your bench can be replaced with our patented refurbishment components at a fraction of the cost of buying new units.
- **Deliver A Better Product** to your customers with great looking amenities. Using our patented EcoForm engineered lumber, your Par Aide™ Classic and Utility benches can look great all the time. All the exposed surface on our patented wood product are protects offering the longest lasting and best looking replacement kit currently available for the Par Aide™ Classic and Utility benches.
